

# Opti-MIZER

Ethanol Fuel Treatment & Stabilizer

# MAX

Eliminates most ethanol problems by lubricating, cleaning and clearing fuel systems of **water**, resins, gums and carbon deposits.

## Opti-Mizer MAX provides 4 layers of protection

- \* **Keeps fuel fresh** through suspension and dispersal of water, resins, gums and deposits.
- \* **Raises the phase separation threshold** allowing fuel to tolerate more water before separation.
- \* **Lessens ethanol fuel damage** with 10 times the standard anti-corrosion capabilities.

*If these three layers are not enough to protect you, this fourth layer of protection kicks in...*

- \* **Provides warranty coverage for ethanol repairs**, Opti-Mizer MAX is the only product covered by an ethanol warranty.

**Exclusive technology combination, not available from any other product.**

Part #	Description	Retail
60612	6-packs of pouches (treats 30 gallons)	\$11.95 ea.
61612M	16 oz. bottles (treats 60 gallons)	\$17.95 ea.
